Protect your facility so it is safe for employees and visitors

The Gateway to Stronger Security

How do you protect your

?

***Is theft a concern** where you work?*

*Do your people **worry about their safety**?*

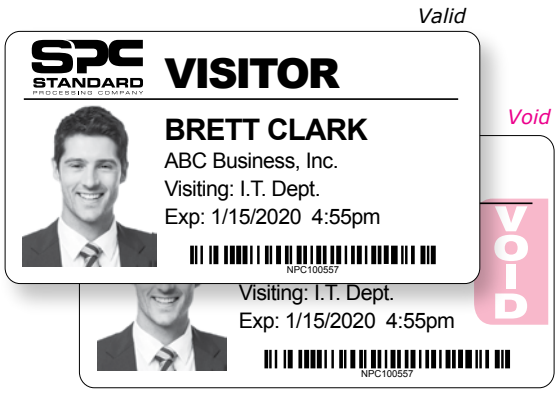
*Do you know **who is in your building**?*

*It's time to **upgrade your visitor sign-in process**.*

staff from outsiders?

Visitor Badges

keep your building safe and secure by preventing unauthorized entry.



VALID today, VOID tomorrow. *Compatible with many printers and software programs.*

See pages 4 – 7.

Visitor Software

makes it easy to sign in, badge, and track visitors with cloud-based data access.

For signing in visitors *by your staff or for visitors to sign in themselves.*

See pages 8 – 9.

Visitor Sign-In Books

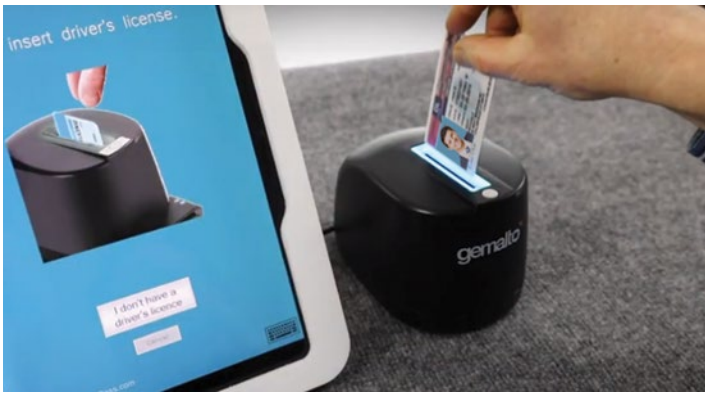
protect everyone's privacy and provide visitor badges for secure identification.

*The **self-adhesive label liner** hides the duplicate record from visitors that follow.*

See pages 10 – 11.

See who has permission to be in your building and who does not.

Sign in and badge every visitor – securely!



1. Visitor signs in.

2. You activate their badge.

3. Badge shows the visitor has signed in today. Adhesive is engineered to stay on without harming the fabric.

4. Once activated, the visitor's badge gradually changes color. By the next day, the badge is completely void, so it can't be reused.

Why are badges that expire so important?

- ✔ When visitors wear badges that expire, it **shows you instantly if they have signed in today**.
- ✔ If their badge is white, their I.D. is authentic. **If their badge shows"VOID," their I.D. has expired,** and the visitor should be questioned.
- ✔ This keeps your building safe and secure by **preventing unauthorized entry**.

Our extra-secure visitor badges on rolls work with your system, as well as ours.
